Xth European Urban and Regional Planning Awards

The European Urban and Regional Planning Awards promotes the best projects or achievements proposed at European level on energy efficiency planning.

This year, the prizes will be awarded with Mr Petr Osvald (tbc), 1st Vice-Chairman of the COTER commission and Ms Hella Dunger-Löper (tbc), representing the Committee of the Regions in our Jury.

The celebration includes:

- A presentation of the winners in presence of elected COTER commission members;
- An exhibition of all projects within the Committee of the Regions;
- The winning teams will present their projects in more detail in the afternoon.

Young Planners Workshop

Several teams of young planners conducted a parallel work on energy efficiency and development in Ireland, UK, Italy, Hungary, the Netherlands, Portugal, Spain, Slovenia

They present their crossed work and highlight the methodological contributions on the issues in different situations in different regions of Europe: land policies, urban form of eco cities, residents' involvement and participation.

The Check List on energy efficiency and Spatial Planning

The ECTP-CEU is participating in a SPECIAL project led by TCPA under the umbrella of the Intelligent Energy Europe program. This project brings together British, German, Swedish, Irish, Italian, Austrian, Hungarian and Greek partners.

The results of this project exploring best practices on the relationship between spatial planning and energy efficiency and disseminates training will be transcribed into a checklist.

Ms Christine Schwabberger and Ms Diane Smith will present the structure of this book and its development process.
